# SHARING MAKES THE DIFFERENCE

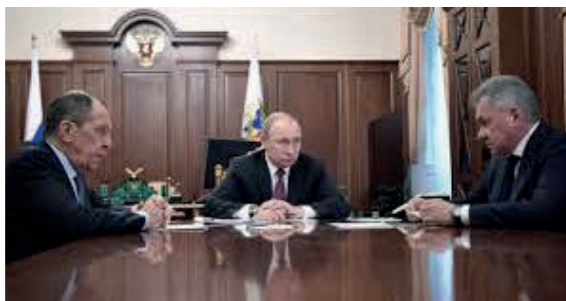

19/11/2019

Geir Håøy, President& CEO

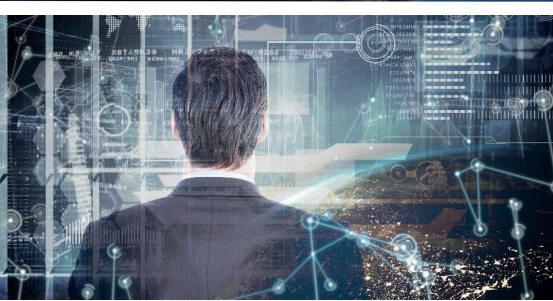

KONGSBERG

# THE WORLD IS CHANGING

An aerial, wide-angle view of a coastal area featuring a mix of industrial and technological infrastructure. On the left, several large offshore oil rigs are visible in the water. In the center, a row of wind turbines stands in the sea. To the right, a coastal town is nestled against a backdrop of rolling hills, with a satellite dish and other communication equipment visible on the shore. In the foreground, a large cargo ship is docked at a pier, and a smaller boat is nearby. On the far right, a fighter jet is shown in flight, firing a missile that trails a bright orange flame. The overall scene suggests a hub of advanced technology and industrial power.
